

Centrisys Hybrid Thickener

Introducing the Next Evolution in Sludge Thickening

No Polymer Required

Capital cost will be off-set by polymer savings over a short period of time

Over 90% Capture

Improve plant operations with reduced recycle loads

Lowest power Consumption

0.15 hp/gpm

Thickening Ratios up to 10:1

Maximized results of the digesters capacity

Increased gas production

Improved volatile reduction

Smallest and Most Efficient Footprint

Highest GPM/ft² of installed floor space

Completely Sealed and Airtight

Eliminates odors and aerosols

No air handling system required in the thickener area

Centrisys Corporation

Over 25 years of Experience Servicing All Brands of Decanter Centrifuges

110,000 Square feet manufacturing facility in Kenosha, WI
